

# RILEY'S HALT

HOME OF THE MARTIAL HORSE

## Clinic Schedule 2022

### Open Mounted Law Enforcement Training

**Jan 9, 2022**

**Feb 13, 27, 2022**

**Mar 27, 2022**

**1pm - 3pm**

These open trainings are a opportunity to come out and train. They will be geared toward those in law enforcement interested in honing skills and those looking at exploring what training a horse for duty is all about. We will not ride below 20 degrees and will cancel the training.

**Cost: Free**

**Prerequisite: None**

**Required Equipment: ASTM Certified Helmet**

**June 25, 2022**

**School of the Trooper - S.A.D. (Situational Awareness Deficit) and Mounted Law Enforcement**

This is a one day clinic geared towards identifying areas that we have a deficit in our situational awareness as it relates to our horses and our job as Mounted Law enforcement. A fun fast paced day full of games and adrenaline.

**Cost:** \$0 to LE, \$45 to non LE (stalling and camping additional)

**Prerequisite:** None

**Required Equipment:** ASTM Certified Helmet

**July 16-17, 2022**

**Barb Gerbitz - Partnership Horsemanship**

Barb will cover ground work and then basic equitation including lateral exercises and body control work, riders balance position and use of the aids. Barb's methods work exceptionally well for anyone looking to improve their partnership with a horse.

This is a relaxed clinic. For those who have not attended a Barb Gerbitz Clinic it is more like going to get a message - think tranquil. We will spend a fair part of the time working on the ground with our horses methodically developing partnership. The riding portion will mostly be done at the walk with some trotting depending on each horse and rider. This clinic is geared towards anyone, of any ability who wants to become a better partner to their horse.

As the weekend progresses we will move into developing through a series of obstacles designed to assist horse and rider in overcoming the challenges they will face in the real world. This is an especially good course for those wishing to advance in the world of Law Enforcement or competitive extreme trail.

**Cost:** \$300 (stalling and camping additional)

**Prerequisite:** None

**Required Equipment:** ASTM Certified Helmet

**August 13-14, 2022**

**School of the Trooper - Pistol 1 for Mounted Law Enforcement**

This is an intensive two day clinic for Law Enforcement Only. All students MUST be current LE that have passed their agency's pistol qualifying standards.

It was noted that there is no comprehensive training for Mounted Law Enforcement with their duty sidearm. This clinic has been developed over the past 3 years with the input and

assistance from many in the Military, LE, Equine, and Firearms communities to answer that need. To our knowledge it is the first and only course of it's kind. You will have fun. You will get dirty. You will shoot a lot. Your horse will be safe.

This clinic will include: live fire at the range with your duty sidearm, live fire from a simulated horse with your duty sidearm, simulated fire from your horse, and live fire from your horse with Ultimate Training Munitions Non Lethal training munition.

**Cost: \$250** to LE to cover the cost of training equipment  
(stalling and camping additional)

**Prerequisite:** Current Pistol Qualified LE,

**Required Equipment: ASTM Certified Helmet** , 200 rounds  
training ammo, duty sidearm and duty holster/rig  
(bring what you wear on duty), ballistic vest.

Please contact us with any questions!
